60 {
61     printf("invalid choice");
62 }
63
64     printf("want to do again? type yes or no");
65     scanf("%s",&a);
66 }
67 while(a=="yes" || a=="YES");
```

Run

main.c

Output

Enter the string: Elsa
Enter the string: mariya

choose operation:

- 1.To compare two strings.
- 2.To copy string a to b.
- 3.To find length of string.
- 4.To concatenate b and a.

Enter the choice: 2

After copying b=Elsa .
